Hey Kids,

Back in October, I asked for pictures of your favorite thing about being a credit union member. The results were unanimous! Everyone drew themselves depositing money at the credit union. I'm so glad that the credit union staff help you feel great about growing your savings accounts!

Saving is always a great idea and your account at the credit union is the perfect place to stash your cash! At some point you may want to share or spend some of your money. Check out the back for a budget to help you do it responsibly!

Your Friend,

Pee Wee

## Did You Know?

**You can hold a Ferris wheel in the palm of your hand...** How? It's easier than you might think. So is turning cartwheels with your fingers. Both "Ferris wheel" and "cartwheel" are nicknames for silver dollars!

**\$10 billion goes a long way....** If you were lucky enough to have 10 billion Sacagawea golden dollars and you spent one every second of every day, guess how long they would last? In exactly 317 years, you would go broke!

## how you Get It and Where It Goes

Are you trying to save for something special? To do that you need to learn a very important skill: money management. No matter how much money you earn, it's important to save and spend it wisely. And remember, sacrificing some short-term wants now will help you save the money you need to buy bigger things later.
